

DINNER PARTY PACK

TOP TIPS

Our resident chef and fundraising dinner party expert has curated these top tips to help you host the best dinner party ever!

- ♥ Invite people personally and encourage them to bring others. Remember, it's always good to double check final numbers!
- ♥ Read through the paraphernalia and watch the videos so you can answer questions. You could even show the videos between courses or with coffee.
- ♥ Be clear on the concept. Eg. "We will enjoy a lovely dinner together to raise funds for this project. Please donate what you might normally spend eating out."
- ♥ Cook something you're comfortable with, or ask your guests to donate their own courses!
- ♥ Have fun while knowing you're raising funds that will positively impact the lives of many displaced and marginalised communities in the Kurdish Region of Iraq!
